ADDENDUM NO 1

TO: All Prospective Bidders
DATE: July 6, 2017
PROJECT: Tree Removal and Site Clearing (WP-16-01-99-A)

This Addendum No. 1 forms a part of the contract bidding documents and answers all questions submitted regarding the bidding documents. Please acknowledge receipt of this Addendum No. 1 on Bid Document Checklist (WPU01) and Bid Form (WPU03) included in the Bid Document package.

Clarifications and Update:

1. Work hours for this project will commence at 8 a.m. Monday through Friday, unless approved otherwise by the University.
2. The Bid Form has been revised to include a Deduct Alternate. Base bid includes removing the stone wall indicated on the plans from the campus. Rather than removal of stone wall from the site, Deduct Alternate #1 requires the contractor to stockpile the stone from the wall in a common location within the project boundary where the trees and vegetation are to be removed.
3. Tree removal activities shall be performed in compliance with the relevant sections, standards, regulations and requirements of the American National Standards Institute and the federal Occupational Safety and Health Administration.
4. Section G of Supplemental Instructions for Bidding and Completing Proposal Forms is revised as follows:

G. The anticipated contract award will be prior to September 1, but as early as July 31. Onsite work can commence after award. All work is to be completed not later than 30 calendar days after notice to proceed.

5. Revised Bid Form and Supplemental Instructions are included in the “Bid Document (revised 7-6-2017)” folder posted on WPU CPDC website.

Questions and Answers:

Q1: Could you please advise whether a soil conservation permit is required, and who will pay for that?

A1: A soil conservation permit is required. The University will apply and pay for the permit.
