**WILLIAM PATERSON UNIVERSITY**  
**CLINICAL MENTAL HEALTH**  
**INTERNSHIP HANDBOOK**

## **Introduction**

Welcome to the internship component of field experience in the Clinical Mental Health Counseling Concentration of the Professional Counseling Master's program at William Paterson University. This experience will be your opportunity to continue to put your formal training into practice. This handbook is designed to provide information that will assist you in fulfilling this requirement for your degree.

## **Definitions**

Before beginning, there are several terms that need to be defined in order for you to have a clear understanding of the practicum/internship experience.

**Counseling Intern** – The counseling intern is a student, under supervision, who has begun his/her internship experience and has been placed in a field setting.

**Internship Placement Site** – The site where the internship experience takes place. The site must meet WPU training program standards and provide the counseling intern with the opportunity to perform all activities, under supervision, that a regular staff member employed as a clinical mental health counselor would perform. Generally, practicum and internship are done at the same placement site, though the counseling intern is encouraged to find more than one placement site in order to have a broader experience.

**Practicum and Internship Coordinator**- The coordinator is a designated University faculty member who is responsible for receiving practicum and internship applications. The coordinator will approve all practicum and internship placements before the course begins. The coordinator will also hold a practicum/internship orientation the semester before the placement begins.

**Site Supervisor** – The site supervisor is a designated professional staff member at the placement site who is directly responsible for the supervision of the counseling intern. Site supervisors must be either a Licensed Professional Counselors (LPC),

Licensed Clinical Social Workers (LCSW) or licensed psychologists (school psychologists are not appropriate supervisors). The site supervisor must also hold at least a Master's degree in counseling or a closely related field and have worked as a mental health counselor for at least two (2) years. The duties of the site supervisor are as follows:

1. Make provisions for orientation of the counseling intern to the site, including procedures for assigning clients, emergency procedures, safety procedures, and any site-specific limits to confidentiality.
2. Provide space for the counseling intern to perform his/her counseling responsibilities.
3. Make provisions for the counseling intern to audio and/or video recording clients with the client's written consent.
4. Work with the counseling intern to develop internship goals.
5. Maintain bi-weekly communication with University Supervisor/Course Instructor.
6. Maintain responsibility for counseling intern's continuity on site.
7. Assist in the evaluation of the counseling intern's performance relative to the objectives of the experience.
8. Provide regular supervision for the counseling intern not to be less than one (1) hour of face to face supervision per week.

**University Supervisor/Course Instructor** – The course instructor/university supervisor is the instructor of the Internship I (CSP 6860) and Internship II (CSP 6870) and provides the interns with weekly supervision. The duties of the University supervisor/course instructor are as follows:

1. Receive status of placement from counseling intern prior to the start of the semester.
2. Provide group supervision of the counseling intern.
3. Provide triadic supervision of the counselor trainee.
4. Monitor progress of counseling intern during the internship experience.
5. Maintain bi-weekly communication with site supervisors.
6. Make on-site visits when needed.
7. Initiate resolution of any problem occurring on-site.
8. Review counseling intern's session recordings.
9. Secure evaluations.
10. Assign final grades.

## **Selecting and Acquiring a Placement Site**

The counseling intern must find his/her own placement sites. The Practicum and Internship Coordinator will help in any way, but the ultimately securing a placement site is the responsibility of the counseling intern. A counseling intern may be able to

use his/her work site for internship, however this is contingent on the counseling intern's work load and must be approved by the Practicum and Internship Coordinator. All sites must be approved by the University. The counseling intern is required to have experience in conducting both individual and group counseling and have one (1) hour of face to face site supervision per week. In addition, the counseling intern **must** audio or video record counseling sessions. These requirements should be taken into consideration when selecting an internship site.

The counseling intern should contact the appropriate person at the possible placement site and discuss the requirements of the placement with this person. A qualified site supervisor should be identified at the time of this contact. The site supervisor and any other relevant administrators (executive director or clinical director) must sign the Practicum/Internship Application and Internship contract before a site will be approved by the Practicum and Internship Coordinator (see appendix for application and contract). The Practicum and Internship Coordinator will be available to answer any questions the site supervisor or administrator might have.

## **Liability Insurance**

The counseling intern is required to purchase liability insurance through the American Counseling Association (ACA) while they are taking internship. The counseling intern needs to have their own policy, even if they are covered at the placement site. ACA offers low cost liability insurance for practicum/internship students, however you must be a member of ACA to take advantage of these low rates. Applications for membership in ACA can be obtained from counseling faculty, from the ACA website at [www.counseling.org](http://www.counseling.org), or by calling ACA at 1-800-347-6647.

## **Placement Hour Requirements**

For the Internship I (CSP 6860) requirement, the counseling intern must have a total of 300 clock hours. These hours include a minimum of 120 hours of direct service with clients, with at least half of those hours in individual counseling. The counseling intern may also have up to half of the direct service hours in group counseling hours. The counseling intern is required to have a minimum of four (4) clients for individual counseling. The remaining 180 hours of the placement includes: individual site supervision (at least one (1) hour per 20 hours of direct client service), group supervision, case write ups, peer consultation, and required paperwork, as well as other experiences that familiarize the counseling intern with the culture and procedures of their setting. The hour requirements for Internship II (CSP 6870) are the same as the requirements for Internship II (CSP 6860).

## **Recording Requirements**

The counseling intern are **required** to provide audio and/or video recordings of individual counseling sessions. These recordings will be reviewed and evaluated by the course instructor. The counseling intern is required to provide at least three (3) recordings for Internship I (CSP 6860) and at least three (3) recordings for Internship II (CSP 6870).

Permission to Record forms must be signed by client and/or minor clients' parent or guardian. Minor clients must also sign their assent. The client must be made aware that recordings will be listened to by the University supervisor/course instructor and may be reviewed in class for instruction purposes only. The client should be told that the recordings will be confidential and anonymous. They should also be informed that the recordings will be destroyed after they are reviewed. Some placement sites will have their own recording consent forms. The Permission to Record form is included in this handbook.

If the counselor trainee is not allowed to tape at the site, they must utilize one of the following methods to meet the requirement of two tapes:

- Live supervision of student's interactions with student/client at practicum site
- Video recording in WPU clinical lab with peer

## **Counseling Procedures**

The counseling intern is required (as all counselors are) to make sure his/her client gives informed consent for counseling. Some sites will have their own Permission to Counsel forms. A University form is included in this handbook. It is required that the counseling intern has a University permission form completed and signed by each client and/or client's parent or guardian along with any forms the intern site may require. Minor clients must also sign their assent. The counseling intern must inform each client that he/she is a counseling intern fulfilling a requirement for a Master's degree in counseling. Clients must be informed that the counseling intern is under supervision. When informing the client of confidentiality and the limits of confidentiality, the counseling intern must inform the client that his/her case will be discussed with supervisors, who are under the same obligations of confidentiality as the counseling intern.

## **Personal Analysis Logs**

The counseling intern is required to keep Personal Analysis Logs (PALs) of their experience in Internship I and Internship II. Specific requirements for these logs will be detailed in the course outline provided at the beginning of the semester. An important component of WPUNJ's Master in Professional Counseling is the

counseling intern's self-exploration and self-assessment. These logs help the counseling intern understand his/her reactions to the counseling process.

## **Competencies**

It is essential that the counseling intern acquires certain competencies during the practicum/internship experience. The following lists some of these competencies.

1. Counseling skills: The counseling intern will
  - a. Demonstrate the ability to obtain a psychosocial history.
  - b. Demonstrate the ability to use interviewing skills such as observing and active listening.
  - c. Demonstrate the ability to ascertain present mental status.
  - d. Demonstrate the ability to advocate for the client.
2. Evaluation skills: The counseling intern will
  - a. Demonstrate the ability to conceptualize client issues based on intake information and information obtained in counseling sessions.
  - b. Demonstrate the ability to understand ramifications of DSM 5 diagnosis.
  - c. Demonstrate the ability to read and understand client records in terms of medications used and identified problems.
3. Treatment skills including:
  - a. Demonstrate the ability to provide appropriate theory based counseling sessions.
  - b. Demonstrate the ability to write and implement treatment plans.
  - c. Demonstrate an awareness of how client's cultural and/or ethnic background can impact case conceptualization, test interpretation, and diagnosis.
  - d. Demonstrate ability to work with other professionals in a joint treatment effort.
4. Knowledge of Agency Administration: The counseling intern will
  - a. Demonstrate knowledge of the administrative and operative structure of the agency.
  - b. Demonstrate knowledge of the philosophy of the agency in regard to counseling.
  - c. Demonstrate an understanding of and the ability to use agency resources such as records, psychological or psychiatric consultations, psychological or educational testing, and other information sources.
  - d. Demonstrate knowledge and understanding of activities the agency requires of regularly employed staff in the position that the counseling intern holds.
  - e. Demonstrate knowledge of the goals, purpose and functioning of each agency department and how they may be utilized for the client's benefit.
  - f. Demonstrate the ability to manage or assist in the management of individual

- cases including service coordinating and referral services.
- g. Demonstrate the ability to keep appropriate records and case reports.
5. Professional Behavior including:
- a. Demonstrate knowledge of and adherence to the professional ethics and standards as outlined in the Standards and Practices and Ethical Codes of the American Counseling Association.
  - b. Demonstrate knowledge of and adherence to the professional legal responsibilities in accordance with the standards of local, state and national government.
  - c. Demonstrate knowledge of counselor preparation standards and state licensure and national certification requirements.
  - d. Demonstrate knowledge of and adherence to the agency's professional standards and quality assurance policies, including policies on client-counselor relationship, record keeping, referral policies, and peer review process.

### **Grading Procedures**

Internship I (CSP 6860) and Internship II (CSP 6870) are pass/fail courses. If the course instructor or the site supervisor has any concerns about the counseling intern's progress, the course instructor will meet with the counseling intern and the site supervisor to discuss these concerns and to determine the appropriate course of action. All requirements of the course must be met before a pass grade will be given.

**Important!**

Experience has shown that the more course work a student has completed, the better he or she will do in a field placement. It is therefore recommended that you have most, if not all your coursework completed before beginning practicum and internship. If this is not possible, you must have completed the course listed below before beginning your field placement.

\_\_\_\_\_  
\_\_\_\_\_

Record the grade you have received in each of the following courses. If you have not completed a requirement, please indicate the semester in which you plan to do so. Full-time students must have completed a minimum of 24 credit hours before beginning Practicum. Part-time students must have completed a minimum of 36 hours before beginning Practicum.

**A. Courses required for all students to have taken before or concurrently with Practicum:**

|               |               |               |

**Internship Contract for the Clinical Mental Health Concentration**

Date placement begins \_\_\_\_\_

Counseling Intern Name \_\_\_\_\_

The above named student will be completing his/her internship at

\_\_\_\_\_. The fieldwork will be  
(Name of Agency)  
completed during the 20\_\_-20\_\_ academic year. The counseling intern will be  
supervised at the site by \_\_\_\_\_. The site supervisor is  
directly responsible for supervision of the counseling intern. This professional must have  
at least two (2) years' experience as a mental health counselor and must be a Licensed  
Professional Counselor (LPC), Licensed Clinical Social Worker (LCSW), Licensed  
Psychologist, or Psychiatrist. **A resume and copy of professional license must be  
provided with this contract.**

Please be advised that the site supervisor is responsible for:

- Orienting the counseling intern to the site, including procedures for assigning clients, emergency procedures, district policies and any site-specific limits to confidentiality
- Providing the counseling intern with the space necessary to complete requirements and responsibilities such as individual counseling, audio taping clients with the client's written consent, running groups, etc.

- Providing regular supervision for the counseling intern not to be less than one (1) hour of face to face supervision for every week that the counseling intern is on site.
- Maintaining responsibility for the counseling intern's continuity on site and assisting in the evaluation of the counseling intern's performance

The requirements of the counseling intern include an Internship requirement of 600 hours. The Internship hours include a minimum of 240 hours of direct service. The direct service hours consist of individual counseling, group counseling, family counseling, consultation, prevention, and crisis intervention. At least half of these hours should consist of individual counseling. The indirect hours consist of all other activities associated with the placement and the class. Please be aware that the counseling intern is required to do six(6) audio taped sessions while at the site. Written consent forms are provided for counseling as well as taping of sessions.

If you have any further questions, please contact the Practicum/Internship Coordinator at deckerk1@wpunj.edu or 973-720-3442. Thank you for your time and participation.

By signing below, the site supervisor and the agency acknowledge that they are aware of the requirements stated above and agree to have the counseling intern at their site for their Practicum/Internship experience.

## **Parental Consent Form**

Child's Name \_\_\_\_\_

Parent's Name \_\_\_\_\_

Phone # \_\_\_\_\_

I agree that a counseling intern in the Clinical Mental Health Counseling Concentration at William Paterson University may counsel my child. I understand that the counseling intern has completed Masters course work in counseling. The counseling intern will be supervised by \_\_\_\_\_, a faculty member at William Paterson University and by \_\_\_\_\_, a site supervisor. Information gathered in the counseling will be held strictly confidential according to the American Counseling Association Code of Ethics. Exceptions to this confidentiality occur when there is suspected child abuse or imminent danger to the child or to others.

If for any reason you have questions about the counseling or are dissatisfied, you have the right to meet with the counseling intern and/or the supervisors named above.

I have read the above and understand the nature of the supervisory procedures. All my questions have been answered to my satisfaction.
