Other NEWS

Ennid Gonzales, former ISSBB, WPU graduate, MAPS officer, Recipient of First MAPS award 2009
Going to Medical, Stony Brook

John Urban biotech major, ISSBB- He has interviewed at Columbia, Brown, Cornell, and Dartmouth - has been offered admission into PhD programs at Brown and Cornell [Brown's letter to John](#) – cites him as their 'top pick' for the year. John will be rotating through 3 labs at Brown – but wants to work with G Barnea who looks at olfactory receptors and the signaling cascade subsequent to receptor activation. John is also interested in the molecular biology of aging and the control of chromosomal DNA replication.
