1. The minutes of the February 10, 2010 was approved.
2. New program proposal- Elementary Mathematics Specialist Certificate

This certificate program consists of five courses offered within the existing Teaching Children Mathematics Concentration of the M.Ed. in Curriculum and Learning program and is intended for previously certified elementary teachers who teach mathematics.

Liana asked if these five courses will be counted toward requirement for the Math Endorsement programs for middle school teachers. The Council also suggested that the wording “non degree” in item # 3 in the proposal should be removed.

Salika moved approval of the proposal, subject to the revision mentioned above, Ellen seconded the motion and it passed unanimously with the council members present voting.

3. **Next Council Meeting:**
Francis will send an email for the time and place of next meeting.
