

**NATIONAL SCIENCE FOUNDATION ROBERT NOYCE
SOPHOMORE SUMMER TEACHING INTERNSHIP
APPLICATION AND INSTRUCTIONS**
Program funded by the National Science Foundation

Sophomores studying science or math who might want to pursue a career in teaching can apply for summer internships at WPUNJ. The interns will be working with the “Summer Youth Programs” at William Paterson University. These are mainly pre-college programs for high school students, and some for middle school students. They take place during the summer at WPUNJ. Our students will help to prepare and run the academic workshops from June 20th until July 29th. The first three weeks have flexible hours and should not interfere with Summer I courses. Interns will be paid \$450/week for 6 weeks, or \$2700 for the summer.

To be eligible for a Robert Noyce Teacher Internship, you must:

- Be enrolled in a Mathematics or Science major at William Paterson University.
- Have an interest in teaching, but don't need to be pursuing an education degree
- Have between 30 - 60c with an overall Grade Point Average (GPA) of 2.75
- Be enthusiastic, willing to attend events, and work at the program from June 20th – July 29th 2011.

You are required to electronically submit the following to gardnere@wpunj.edu by April 15, 2011.

1. Completed application form (attached).
2. Documentation of citizenship status (photocopy or scan of passport, birth certificate, permanent resident card, etc.)
3. At least one letter of recommendation addressed to the Robert Noyce Teacher Scholarship Committee. This should be from a faculty member who taught you science or math.
4. Personal statement (no more than 2 typed pages) outlining your reasons for interest in this internship as well as your career goals.

Applications not accompanied by the required credentials will not be considered.

For questions, you may contact Dr. Gardner at (973)720-3441 or email her at gardnere@wpunj.edu.
