

# Paid Summer Teaching Internships for Sophomores

## National Science Foundation Robert Noyce Program

Sophomores studying science or math and thinking of a career in teaching can apply for summer internships at WPUNJ. The interns will be working with summer programs for high school and middle school students at WPUNJ. Interns will help to prepare and run the science and math academic workshops.

**The interns will be paid \$450/week for 6 weeks.**

### Eligibility Requirements:

- Be enrolled in a Mathematics or Science major at William Paterson University.
- Undergraduates must have between 30 - 60c with an overall Grade Point Average (GPA) of 2.75
- Be willing to attend events, and work at the program from the end of June until the first week of August (exact dates to be determined).

Internship applications and instructions will be available online at
