

Parking Sub-Committee Charge and Responsibilities:

Mission Statement: The William Paterson parking and transportation system shall provide adequate, safe, high quality, easily understood, and convenient parking and transportation services for all patrons. The Parking Sub-Committee is an instrument to achieve this goal.

The Parking Sub-Committee is a reporting entity to the Facility Advisory Committee (see below). The Sub-Committee will perform analysis and make formal recommendations to the Facility Advisory Committee in the following areas:

1. Provide data by continually assessing parking and transportation convenience, efficiency, and benchmarks.
2. Work with professional service providers and each other to develop implementation plans for new facilities, interim facilities, and improvements to existing operations and facilities.
3. Assist in the planning process for the construction of new parking facility recently announced by University leadership.
4. Identify mitigating solutions to current parking shortage on campus.
5. Other items as required or recommended by the Facility Advisory Committee, Cabinet Member, or Parking Sub-Committee.

Parking Advisory Sub-Committee:
