

TRANSFER ARTICULATION AGREEMENT

BETWEEN

**WILLIAM PATERSON UNIVERSITY
COLLEGE OF SCIENCE AND HEALTH
Bachelor of Arts and Bachelor of Science Degrees**

AND

**MERCER COUNTY COMMUNITY COLLEGE
DIVISION OF MATH, SCIENCE, HEALTH PROFESSIONS
Associate in Science Degrees**

The intent of this articulation agreement is to define the procedures for a transfer articulation between **William Paterson University (WPU)** College of Science and Health and **Mercer County Community College (MCCC)** Division of Math, Science, Health Professions. Both WPU and MCCC agree to mutual cooperation in establishing and maintaining articulation for their respective programs for the Associate degree programs transferable to the College of Science and Health Bachelor degree programs. The principal beneficiaries of this agreement are students enrolled in Associate in Science programs in the Division of Math, Science, Health Professions whose progress toward their degrees is best assured when they are provided with current information about courses and programs. Firm arrangements between departments and institutions provide these students with the opportunity to plan a total baccalaureate degree through program to program agreement at the outset of their college education.

William Paterson University agrees to accept all the general education or university core credits included in this agreement. Per its transfer credit policy, **William Paterson University** agrees to accept up to half of the credits required for the major. Course equivalencies for Math, Science, and Health prerequisites and major courses will also be accepted (see Appendix A for specific course requirements) and will serve as the basis for equivalencies.

This agreement will become effective immediately upon the signatures of both parties. Immediately thereafter, **William Paterson University** will provide information packets for transfer admission, special transfer days, and other recruitment services. In turn, **Mercer County Community College** will make available to its students all information, including the list of course equivalencies pertaining to this agreement. The agreement and equivalencies will be reviewed on a regular basis and whenever changes are made by either party.

PRINCIPLES OF THE AGREEMENT

COMPLETION OF PROGRAMS

Mercer County Community College transfer students will be required to meet all graduation requirements as listed for **William Paterson University** students.

SPECIFIC REQUIREMENTS

The determination of major program requirements for a baccalaureate degree in the College of Science and Health shall be the responsibility of **William Paterson University**.

ELIGIBILITY

A. Course equivalencies and/or area requirements. Specific courses required for admission to Math, Science and Health Programs have been included in Appendix A.

B. Students with an Associate in Science Degree in Math, Science, Health*

Students who earn an Associate in Science degree in Math, Science or Health at **Mercer County Community College** are guaranteed junior status admission to **William Paterson University** conditional upon meeting the prerequisites of the minimum requirements for admission to the College of Science and Health. Associate degree students will be provided with individual evaluations of coursework based on course equivalencies articulated between **Mercer County Community College** and **William Paterson University** College of Science and Health.

FINANCIAL AID

College students transferring to **William Paterson University** will be treated the same as native **William Paterson University** students of equal class standing when applying for financial aid and in the award and distribution of funds.

AGREEMENT REVIEW AND UPDATE

Mercer County Community College and **William Paterson University** will assign a staff member to serve as a liaison to assure maintenance of communication between the two institutions. As necessary, **Mercer County Community College** and **William Paterson University** faculty shall meet to discuss academic programs, especially with regard to any changes being contemplated. **William Paterson University** and **Mercer County Community College** representatives will consult whenever changes in policy or curricula are articulated which will affect students transferring under the terms of this Agreement. Representatives from both institutions shall also facilitate support, consultation, and collaboration between their faculties in matters related to this Agreement, general education, degree requirements, and other academic matters.

*As stated in the NJ Statewide Transfer Agreement.

Notes:

1. William Paterson University recommends students take two semesters of one foreign language at the community college. Two semesters of American Sign Language can also fulfill the foreign language requirement.
2. William Paterson University will accept all associate degree credits transferable to Bachelor of Arts or Bachelor of Science degrees under this program-to-program articulation agreement, including up to half of the William Paterson University major required credits, from New Jersey community college students who enroll at William Paterson University Fall 2015 and beyond.
3. A combination of any two (2) of the following Mercer A.S. Plant Science courses: BIO 202, OHT 101, OHT 204, OHT 121, OHT 210; will be accepted as equivalent to one (1) William Paterson University required course for a bachelor degree in Biology.
