Geena Williams

Time and Date of Performance:

3/31/15
6-7PM

Style of Performance: Poetry

Bio

Poetry is extremely important to me. It provides me with a sense of closure and outlet to the chaos and business of my day to day life.

Poetry has helped me in my darkest hours. This form of expression is important, because I no longer have my singing voice, but allows my mind to freely song write things in the form of a poem rather than the traditional song.

Poetry to me is a way to depict a story or situation that has happened in my life or the lives of those I know.
