Research &
Scholarship Day

David & Lorraine
Cheng Library

Dear William Paterson University Community,

The David and Lorraine Cheng Library is pleased to present its annual author bibliography. This year, the booklet contains 181 entries representing a broad spectrum of scholarly and creative activities from across campus.

As the University celebrates its new Strategic Plan, 2012–2022, the Cheng Library is proud to showcase the publications of the University faculty and staff for they provide tangible evidence of the University’s commitment to its mission and the core values of academic excellence and creation of knowledge.

Our collaboration with the Faculty Senate Research Council and participation in Research and Scholarship Day continues to be rewarding. Even as the world of scholarly communication changes and publishers search for the “new normal,” libraries remain dedicated to their mission of acquiring, making available and preserving scholarly information.

We honor our colleagues with this bibliography and our annual recognition reception and we look forward to continuing this fine tradition for many years to come.

Sincerely,
Anne Ciliberti, Ph.D.
Dean of Library Services
