

VITAMIN C AND THE ELDERLY — AN UPDATE

Marvin Cohen, Lorraine Cheng, and Hemmige N. Bhagavan

TABLE OF CONTENTS

I.	Introduction.	204
II.	Ascorbic Acid Status in the Elderly	204
	A. Requirements of the Elderly	204
	B. Indicators of Ascorbic Acid Status	204
	C. Dietary Ascorbic Acid Intake and Incidence of Deficiency	205
	D. Institutionalization and Ascorbic Acid Status in the Elderly	210
	E. Effect of Age and Sex on Ascorbic Acid Status	210
	F. Dietary Intake and Ascorbic Acid Status	219
	G. Effects of Ascorbic Acid Supplements on Ascorbic Acid Status	220
	H. Other Factors Affecting Ascorbic Acid Status	220
III.	Ascorbic Acid and Lipid Metabolism	227
	A. Ascorbic Acid Status and Lipid Levels	227
	B. Treatment of Hypercholesterolemia With Ascorbic Acid	227
	C. Vitamin C and Blood Pressure	227
IV.	Ascorbic Acid and Cancer	232
	A. Depletion of Ascorbic Acid in Cancer Patients	232
	B. Treatment of Cancer With Ascorbic Acid	234
V.	Ascorbic Acid and Immune Response	235
VI.	Ascorbic Acid and Cataract	237
VII.	Other Uses of Ascorbic Acid	238
VIII.	Interactions of Ascorbic Acid	242
	A. Interrelationships of Ascorbic Acid With Drugs and Hormones	242
	B. Effects on Other Micronutrients.	243
IX.	Conclusion.	245
	Acknowledgments	245
	References.	245
