

### Clarification#3

Reference: Request for Proposal B9339310  
Banking Services

Date: February 22, 2017

The University received a request to clarify the following:

Question: We note that the RFP contains several required forms that must be completed and submitted. As the RFP only contains "pictures" of these forms, we are unable to populate/complete these forms. Can the university provide Word versions of the required forms, and in particular, your Cover Page (Request for Quotation) and your "Supplier Information Form"?

Answer: Attached please find the Supplier Information form which can be populated. The Request for Quotation page cannot be supplied as requested. The other forms are PDF forms from the State of New Jersey. Listed is the state website where the forms are located and in many instances, if not all, the forms can be populated on line and printed;
