Recommendation from the GE Council on the new University Studies Program

The GE Council recommends that the Senate approve the conceptual framework for the new University Studies Program, dated 4/20/09. The adoption of the conceptual framework includes a 0-6 credit second language requirement identified within the Global Connections portion of the grid. It is expected that the conceptual model is subject to modification during the 2009-10 academic year, as the WPU community continues discussion relative to its implementation.

Vote: 13 Yes

1 Abstention
