WILLIAM PATERSON UNIVERSITY

5th Annual Cyber Security and Big Data Analytics Symposium: Today's Threats and Crucial Strategies for Remediation

April 24, 2019 • William Paterson University
University Commons Ballroom
300 Pompton Road, Wayne, NJ

Keynote speaker Rebecca Gott, IBM Distinguished Engineer,
will present *"Understanding Blockchain and Its Potential Impact."*

- Industry experts will deliberate Blockchain's advantages, disadvantages, and alternatives from business, technical, and financial perspectives.
- Experts from New Jersey Cybersecurity and Communications Integration Cell (NJCCIC) will lead discussions about cyber-crime protection against ransomware, data theft, malware, and more.
- The effectiveness of big data analytics tools like ELK Stack and Hadoop will be examined.

“Lights, Camera, Action. Students Bring Broadway to WPU”

A Living Writers Series Event

**April 24th
&
April 26th**

**Starting
@
12:30 PM**

**Cheng
Library
Auditorium**

Students in Professor Phillips' class explore the themes of family relationships, class, and culture. The presentation will be a combination of live readings and videos of students in a small group workshop reading their papers.
