

Subject: WPU Student Employment, Earn \$9.00 an hour!

Calling all Pioneers!

Are you a proud, involved and outgoing representative of your University? Do you have a knack for debate, persuasive speaking, or rallying your friends for a good cause? Would you like to make a difference in the lives of William Paterson students and directly impact your academic future? Then working at the student calling center is the perfect job for you!

The WPU Phonathon is now hiring for the fall 2014 semester!

We are looking for passionate, creative and friendly students to get involved with a professional fundraising job while engaging our alumni, parents and friends over the phone. Work with your fellow classmates in a fun, exciting atmosphere while giving back to your school. As a student caller, you contact alumni, parents & friends via our automated telephone system, generating community and support for the University.

Shifts times are 5:30-9:00pm Monday through Thursday and 1:30-5:00pm or 5:30-9:00pm on Sundays. Required shifts are one shift on Sunday and two days during the week. More hours are available if interested.

You can play games, win prizes, socialize with your friends and listen to alumni that share the Pioneer experience!

We are located right next to Wayne Hall as well as parking and the shuttle bus stop. The application and interviewing process takes place rapidly, usually just over one week. You may have a job before classes start!

Don't miss this opportunity to help the University and build up your resume! Calling begins September 14th, and mandatory training will start September 8th.

To request an application, click the link and follow the instructions:
