

Before the spring semester is up, submit a proposal of your best practice to be showcase at NJEDge's eminent annual conference. This is a perfect venue to show your innovative teaching and scholarship—reach a large and receptive audience of your peers.

Submit your proposal: <http://conference.njedge.net/2015/>

Deadline for proposals is Friday, May 15<sup>th</sup>.

Your work or work-in-progress on emerging technologies, learning innovations, network and system architecture, video production, professional learning, authentication, cloud governance, grid computing, gamification, social media and student collaboration should be shared with colleagues.

**Present, review and network.**

**Be part of our connected community**

We will be reviewing the submissions the week May 18<sup>th</sup>.
