

William Paterson Employees,

The New Jersey Employees Charitable Campaign will run from September, 2020 through December, 2020. In a year that has been like no other, we've all faced challenges and seen the continued need for assistance in our own communities, throughout our country and around the world. The pandemic has created financial, medical and social changes that have touched us all. The charities featured in the New Jersey Employees Charitable Campaign are helping those in need because of COVID-19 and those who need our help in many other areas that may have been overlooked while we face this health crisis – the environment, chronic disabilities, food insecurity, education, homelessness and so much more.

We're thankful to the employees who have continued to support the NJECC charities with their payroll deductions this year. In some cases, your donations have kept those nonprofits afloat as they struggled to provide services to their constituents.

The New Jersey Employees Charitable Campaign is more important than ever and we hope you will consider supporting one or more of the approved charities featured in our resource guide at a time when our friends, family, neighbors, and co-workers need help more than ever. It's as easy as logging on to www.charities.org/NJECC clicking on the 'Donate Now' and making your pledge.

So many of you generously support the New Jersey Employees Charitable Campaign and believe in its power to make a difference.

Thank you for supporting the NJECC.
