

Streaming Video for Courses

Library Workshop for Faculty

Co-sponsored by IRT

Learn how to incorporate online, streaming video into your classroom or online course, using NJVID (<http://www.NJVID.net/>).

Search the Library's collection of nearly 4000 full-length films and clips. These videos can be viewed in the classroom or on your student's computers without ever having to make a trip to Media Services for check-out or return.

Learn how to upload and stream videos you may have created on your own, copyright permitting.

Wednesday, February 12

3:00-4:00 PM

Cheng Library, Paterson Room, #213
