#### **Description:**

University Research and Scholarship Day 2015 will provide the University community with an opportunity to show off our scholarly and creative activities. Presenters will include faculty, students, librarians and professional staff who have undertaken research or special initiatives on their own or who have received ART, Research & Travel Incentive Awards and research support from one of the colleges, or from WPUNJ, recipients of grants or contracts and outside fellowships. Films produced by our WPUNJ scholars will be showcased throughout the day.

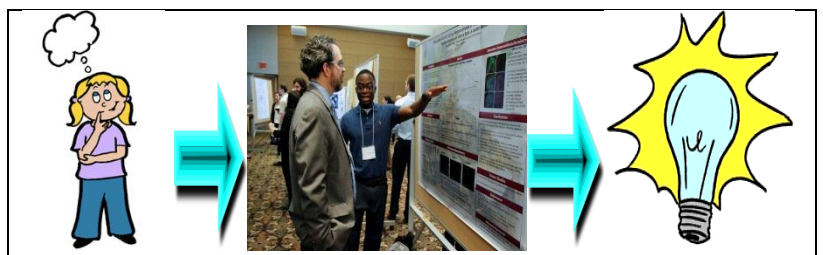

Research and Scholarship Day will feature individual and group oral presentations, posters, art, performances and special sessions organized by each of the University's Colleges, as well as the Cross Cultural Arts Festival: South Asia. This year will feature the full-length showing of faculty and student films.

Prospective presenters are encouraged to include/invite graduate and undergraduate students to participate on their own or as part of your presentation, and to invite their classes to attend full sessions of presentations.
