WHICH PATH IS RIGHT FOR YOU?

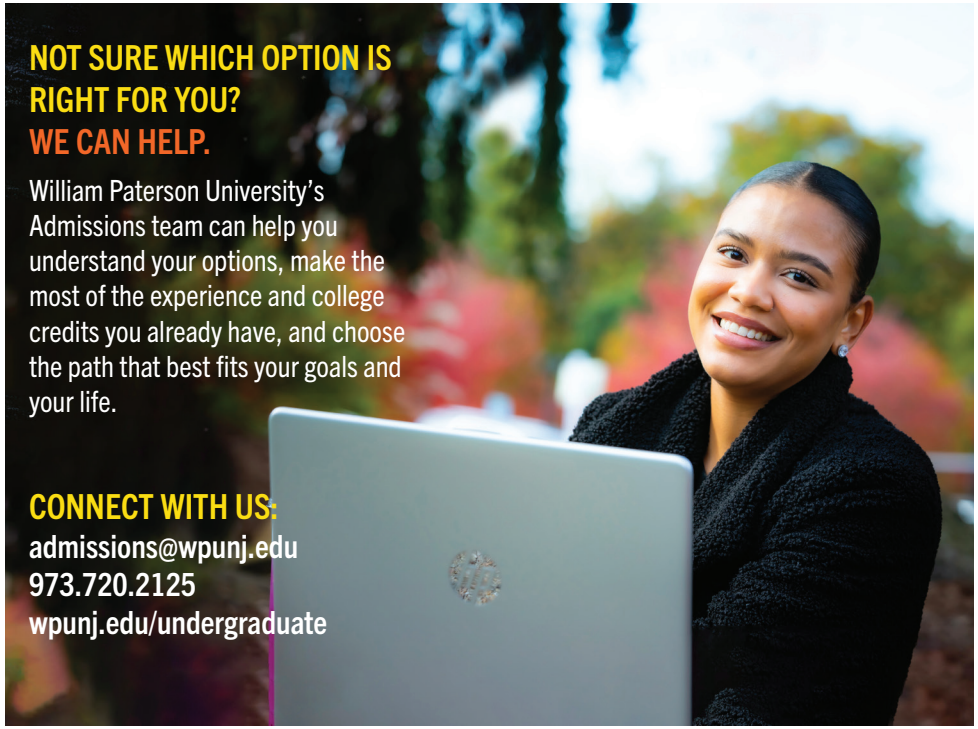

Choose an on-campus program if you want: The widest choice of majors | a traditional semester schedule | in-person, hybrid, and online course options | and full access to campus life and activities.

Choose WP Online if you want: A fully online experience | accelerated 7-week courses | year-round progress | and a program designed around the schedules of busy adult learners.

BEFORE YOU CHOOSE: IMPORTANT INFORMATION ABOUT SWITCHING PROGRAMS

Because the two formats follow different academic structures, there are limits on moving between them.

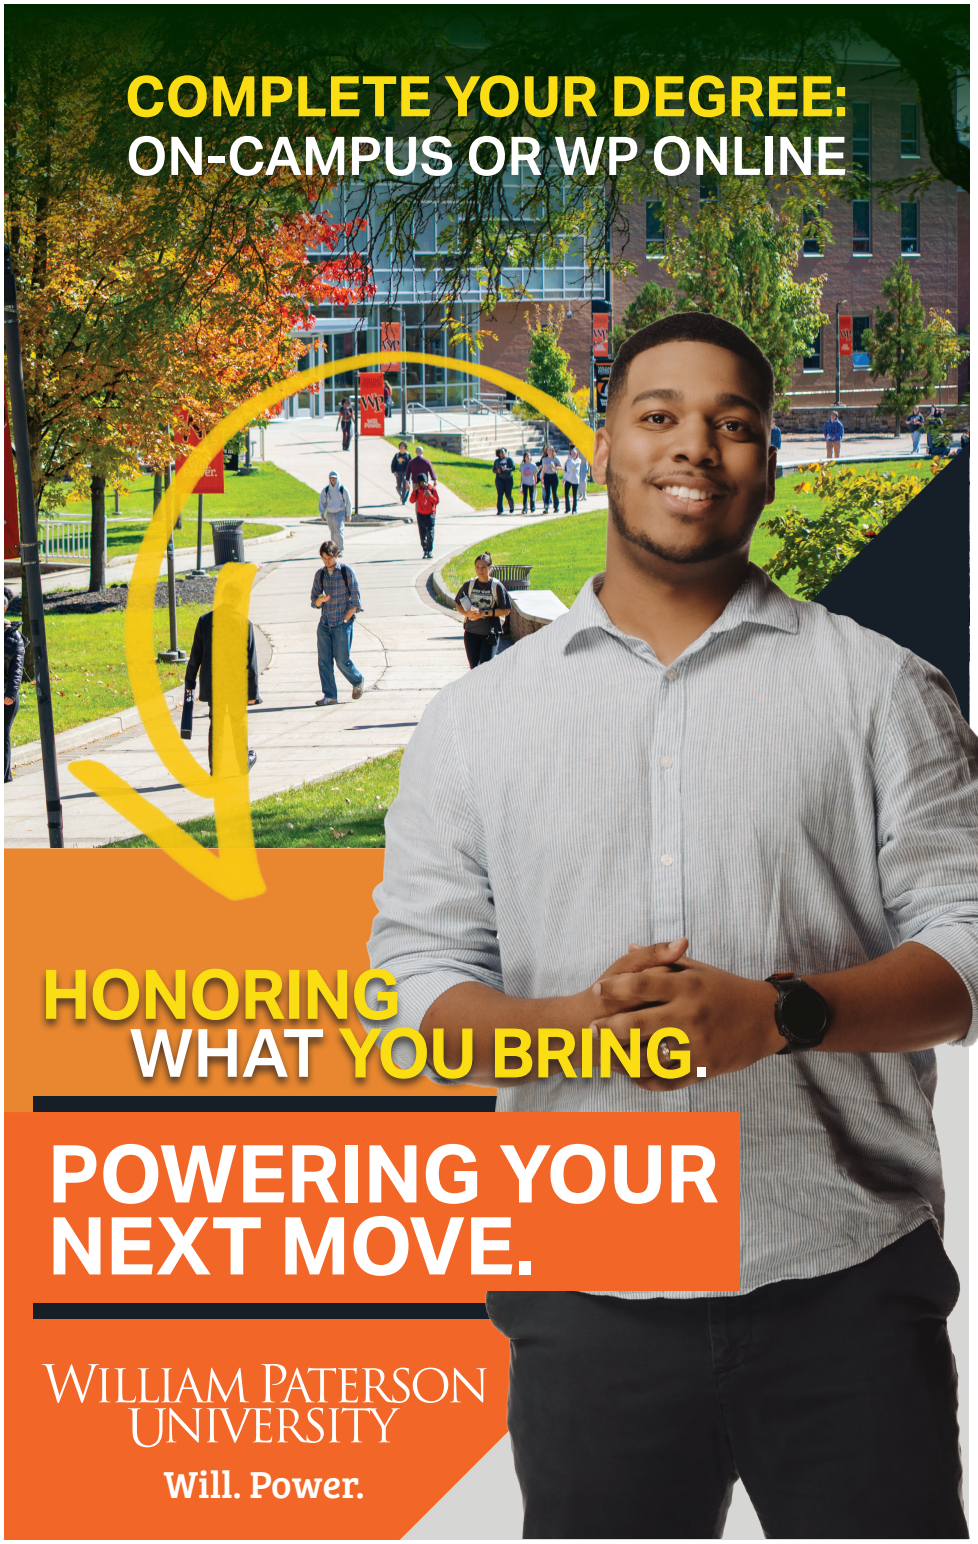

- Students who begin in a traditional on-campus program may switch to WP Online and later return to an on-campus program. Once they return, however, they cannot switch to WP Online again.
- Students who begin in WP Online may move to a traditional on-campus program, but they cannot later return to WP Online.
- WP Online students take only the accelerated courses offered through their WP Online program. They cannot enroll in in-person or traditional semester-based courses, including traditional courses that are delivered online.

NOT SURE WHICH OPTION IS RIGHT FOR YOU? WE CAN HELP.

William Paterson University's Admissions team can help you understand your options, make the most of the experience and college credits you already have, and choose the path that best fits your goals and your life.

YOUR EXPERIENCE HAS BROUGHT YOU THIS FAR. A WILLIAM PATERSON DEGREE CAN TAKE YOU FURTHER.

Whether you're returning to college, transferring credits, building on your work and life experience, or pursuing new career goals, William Paterson offers flexible ways to complete your degree.

Choose the experience that works for you: a traditional, semester-based program with access to the full University experience, or the flexibility of a fully online, accelerated program designed with busy adults in mind.

Whichever path you choose, you'll have access to the resources and support to help you keep moving forward, as well as opportunities to get your degree faster through credit for prior learning.

ON CAMPUS

The Full University Experience.

Our traditional programs in Wayne, New Jersey, give you the opportunity to learn, connect, and get involved.

With an on-campus program, you can:

- Choose from William Paterson's full range of undergraduate majors.
- Take in-person courses, with hybrid and online options also available.
- Follow a traditional 16-week fall and spring semester schedule, with additional winter and summer course options.
- Build relationships with professors, advisors, classmates, and future professional connections.
- Gain hands-on experience in high-tech facilities where learning comes to life through clinical simulations, live broadcasts, market trading, laboratory research, and more.
- Take advantage of the full range of campus resources, student organizations, leadership opportunities, athletics and intramurals, civic engagement, Greek life, and arts and cultural events.
- Choose to live on campus as part of our active and diverse residential community.

Full-time undergraduate students typically take five courses per semester.

WP ONLINE

Built for Busy Adults.

WP Online, William Paterson's virtual campus, offers affordable, 100 percent online programs with accelerated 7-week courses you can complete from wherever you are.

Designed for adult learners, WP Online offers select undergraduate degree programs for students who are *at least four years beyond high school, or at least two years beyond high school with 60 or more college credits*. Fully online graduate programs are also available.

With WP Online, you can:

- Complete all coursework 100% online, with no required face-to-face classes.
- Take asynchronous courses, giving you maximum flexibility to complete coursework around your schedule.
- Focus on two courses at a time during accelerated 7-week sessions.
- Keep progressing year-round through six sessions, including two summer terms.
- Pay as you go, with online tuition rates.
- Access essential University resources, including the library, tutoring, career, and counseling services.
- Participate in select student activities and on-campus events.

WP Online can be an excellent fit for motivated, self-directed students balancing college with work, childcare, family responsibilities, or career goals.
