JUNE 15, 2022

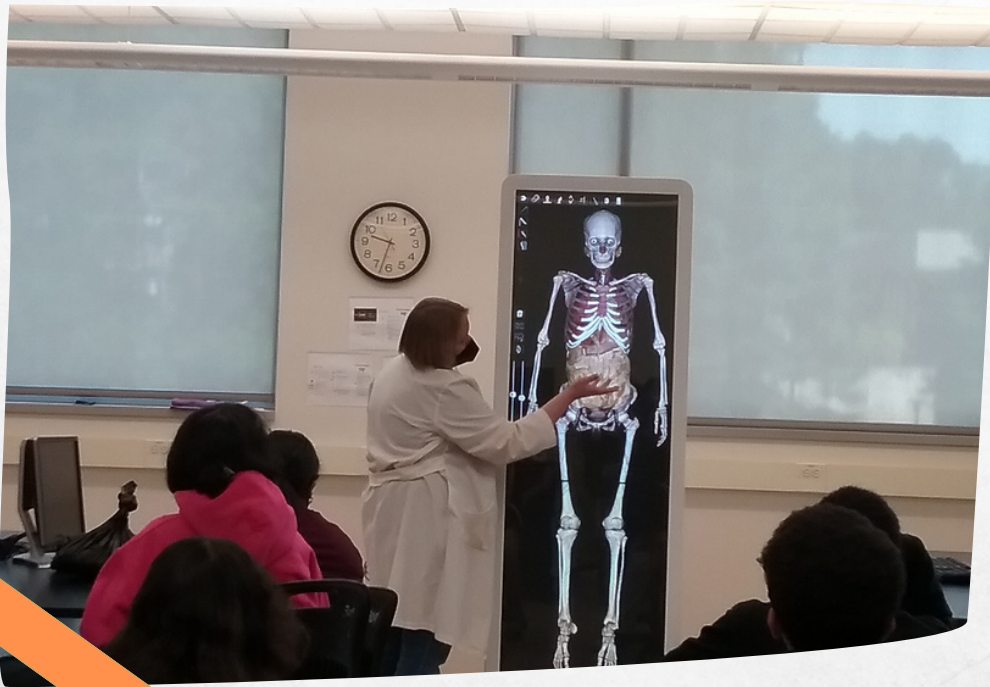

VIRTUAL SCRAPBOOK

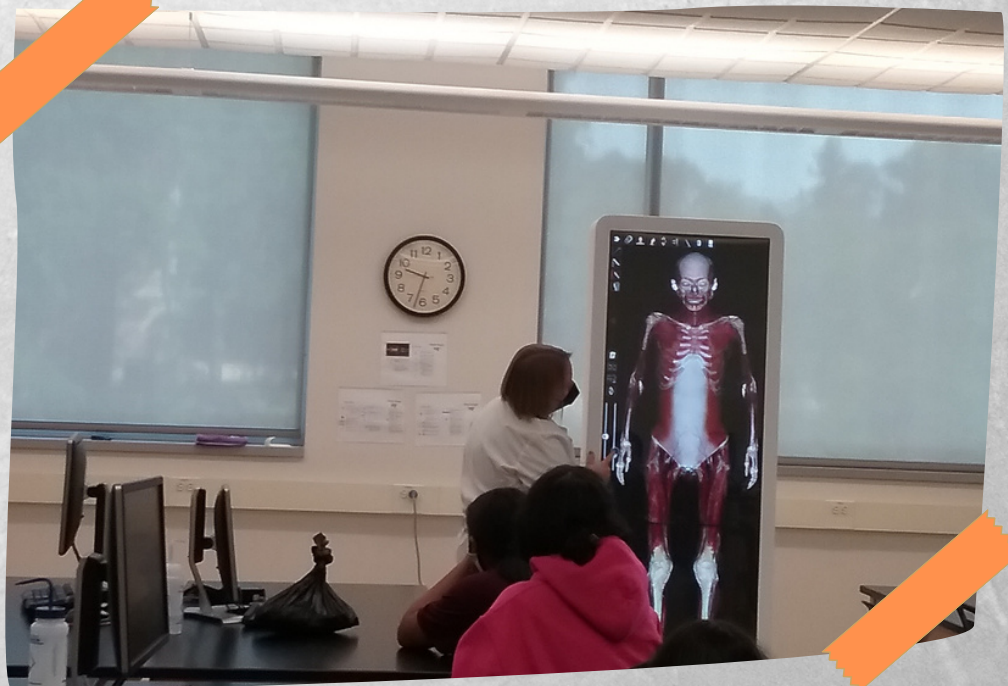

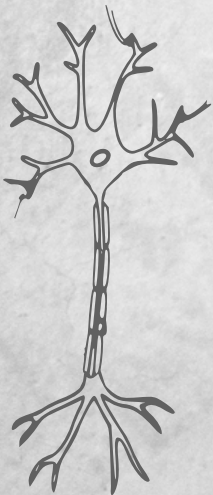

PATERSON PUBLIC SCHOOLS

*Paterson – A Promising Tomorrow
Together We Can*

WP Biology Laboratory Technician, Trish Bush, provides a demonstration to the visiting 7th and 8th grade students on the new 3D anatomy & virtual dissection table.

WP

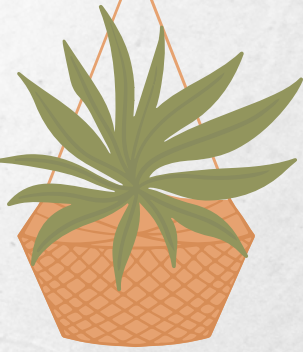

Paterson School district teacher Michelle A. visits the WP Biology Dept. with her students for a tour of the animal facilities. Professor, Dr. Emmanuel Onaivi, and lab assistant, Aaliyah provided information to the students and answered their questions

Professor & Department Chair, Dr. Michael Peek, provided an overview of the WP Biology Dept. greenhouses. The greenhouses give students interested in pursuing a biology degree the opportunity to study plant ecophysiology.

THANK YOU

WMP

From: *Irianna*

Dear William Paterson Staffs,

Thank you for inviting us to William Paterson University, we enjoy our time there because we got to learn a lot of new things about a Greenhouse, Mice Research and dissection lab, I also want to say thank Julianne for that wonderful educational tour because we got to learn about the history of William Paterson University, Pat and Lia for helping us with the hot air balloon, Mr. Neil for a fun time with the Scavenger hunt/Escape room, Dr. Peete, Dr. Onaivi and Dr. Zelenke for taking their time to explain their work to us.

See you soon

Dear William Paterson University staff,
Thank you for the amazing field trip. Juliama did a great job at touring us. My favorite part was with Dr. Zelentke in the dissection lab. I might consider William Paterson as a University to go to.

From, Vielka ♡

Dear, William Paterson Staff

Thank you for taking the time to Show us William Paterson university. I had an excellent time learning new things I never known before like the Dissection lab with Dr Zelenke. And I learned to plant and grow my very own Pineapple and other cool plants at the green house with Dr Peeke. And I got to see many of the mice experiments with Dr Onaivi and his assistant. The campus tour was great with Julianne. I Also had alot of fun with Mr Neil with the scavenger hunt and escape Room. I finished my Hot Air balloon with Pat and Lia. Finally overall I rate my time at the William Paterson university a 11/10. I also learned "happy birthday" in ASL.

See you soon,
Mia

Dear William Paterson University,

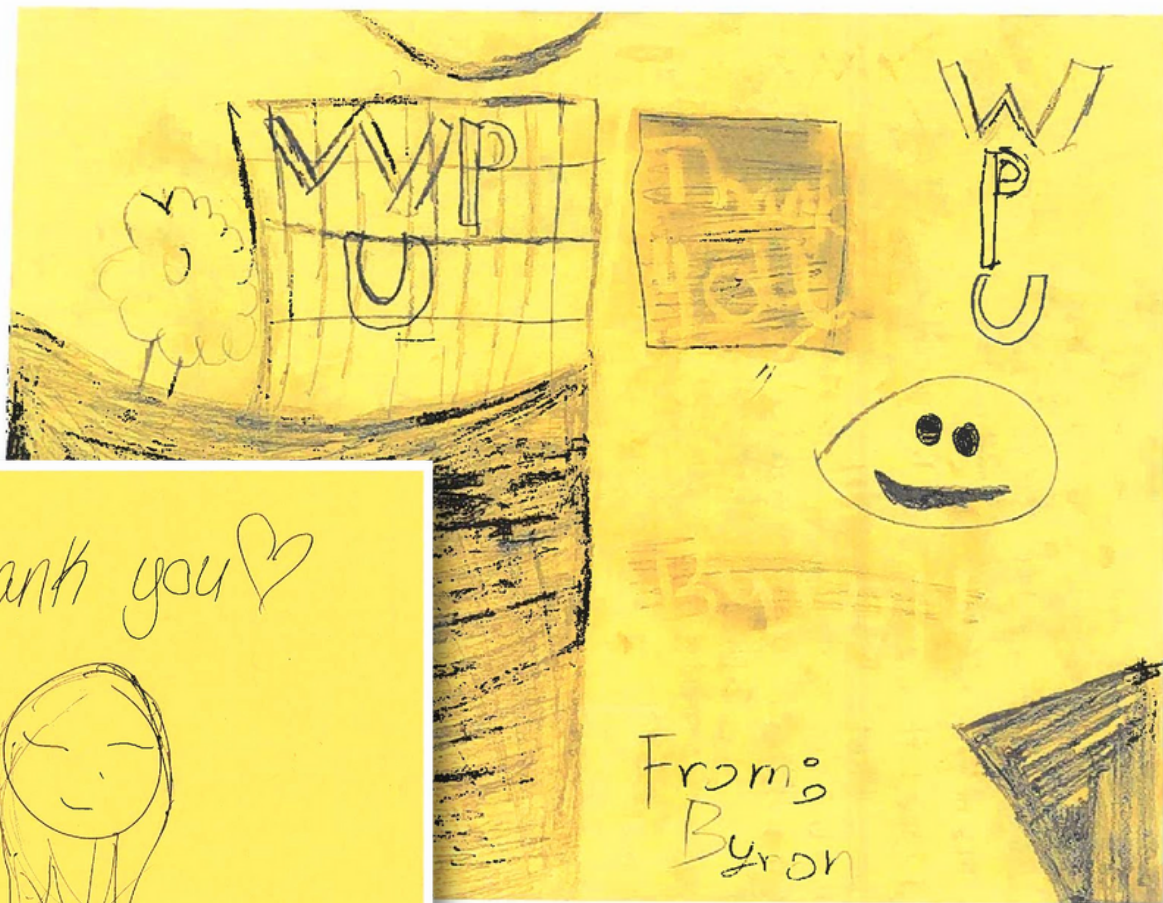

I wanted to thank you for letting us go visit your school, me and my peers had lots of fun and would love to go back because we learned a lot and I've been considering WPU as a

option for me in the future. My favorite part was probably learning with Dr. Zelenke with the science and with Mr. Neel with the virtual escape room. Over all I liked everything because there was a lot to explore. I loved the tour as well. So again thank you so much again for everything.

Sincerely,
Rosemelani ♡

Dear: William Paterson University

Thank you for inviting School 12 to your university, I had an awesome time. I really enjoyed visiting your green houses, especially the succulents section. Thank you too everybody who took time out there day to be there, and set up presentations and activities for us. Overall thank you for every thing and can't wait to go again.

Thank you ♡
