

COLLEGE OF EDUCATION

WILLIAM PATERSON UNIVERSITY

The College of Education seeks to engage school districts in a mutually beneficial partnership that supports student achievement, prepares classroom ready teachers and strengthens the continuum of the profession through an exchange of supports and resources that a school district and the College of Education can provide each other.

Become a Teaching and Learning Clinical Partner

The Teaching and Learning Clinical Partnership (TLC Partnership) program is available to all NJ school districts that wish to participate. A school district may become a TLC Partner through the TLC Partnership agreement.

To become a TLC Partner, please contact Margaret Renn, Director, Office of Field Experiences, 973-720-3978 or rennm@wpunj.edu.

All current William Paterson Professional Development Schools with formal agreements are already a TLC Partner.

* See TLC Partnership agreement for details.
