Mathematics and Computer Science (MaCS) Scholars Program

Opportunity available for math, computer science, or information technology majors!

Mathematics and Computer Science (MaCS) Scholars Program

Funded by a grant from the National Science Foundation (NSF), the William Paterson University MaCS Scholars program is designed to support academically talented mathematics, computer science, or information technology scholars who meet designated income and other criteria. The program provides tuition scholarships, culturally responsive mentoring, networking, and internship opportunities.

This material is supported by the National Science Foundation, NSF Grant #2028011.

Program Benefits:

Scholarship—Tuition Support | Consistent Mentoring | Cohort experience | Research Activities | Internship Opportunities
