Fall 2025

Overview of Sponsored Programs at WPUNJ

- What is a Sponsored Program?
- What are the benefits of Sponsored Programs?
- How do I start?
- What support does OSP provide?

What is a Sponsored Program:

- **A Sponsored Program** is any externally funded activity—such as research, instruction, training, public service, or other scholarly endeavors—that is supported by a government agency, corporation, foundation, or other organization. These programs operate under a formal agreement and have a clearly defined scope of work and/or set of objectives, which establish the basis for sponsor expectations. Sponsored programs require compliance with specific reporting, financial, performance and other standards.

What are the benefits of Sponsored Programs?

What New Awards Bring

- Provide financial support for programming and activities.
- Allow units to expand and grow programs.
- Support for student needs and outcomes.
- Broaden the impact of the university mission.
- Create partnerships with sponsors for sustainability of support.
- Community engagement and enrichment.
- Enhancement of programmatic reputation.
- AND.....

Who can help me?

OSP can help you develop a plan to seek funding and prepare a proposal.

OSP can help you review funding opportunities for programmatic alignment.

OSP can assess the activity to ensure that the project does not conflict with other on-going programs at WP.

OSP can help you understand the sponsor requirements.

OSP can help you with costing and allocation of resources, including your time.

OSP provides compliance review and can assist with navigating the internal review process.

OSP reviews and submits all proposals on behalf of WPUNJ.

OSP reviews and accepts all awards on behalf of WPUNJ.

Thank You!
