HOW I FOUND MY CLINICAL SITE," TIPS!! (Nurse Liz) (P.S. No rule exists requiring schools to find placement).

b) What type of site am I looking for?

PRIMARY CARE SITES! You are in a primary care program – not an acute care program, not an emergency care program or any specialty, i.e. infectious disease, hospitalist, pulmonary, etc. You are looking for primary care clinics, private practices, practices associated with hospitals, etc. (YOU ARE NOT GOING TO HOSPITALS. YOU ARE NOT ROUNDING IN HOSPITALS. YOU ARE NOT GOING TO OR'S, CATH LABS, ETC. YOU ARE IN A PRIMARY CARE PROGRAM. IN ADDITION: no medi spas, no botox, IV ketamine, etc.

SPECIALTY SITES (cardiac, pulmonary, GI , etc) are limited to 50 hours, the rest 120 hrs must be in a second true PRIMARY CARE SITE.

c) Where do I find these sites?
