10:30pm	Dorm Room	Lights out	Lights out	Lights out	Lights out	Lights out	

The Residence Hall Experience and evening activities provide a chance to dine in our cafeteria, exercise in our facilities, complete homework assignments with a study group, and relax and enjoy new companions and mentors. The Educational Workshops will be facilitated by William Paterson University Peer Leaders. The Peer Leader Program provides students an opportunity to interact and learn from upper class students who are trained to assist them with their transition to higher education. The High School Students will be experiencing these activities with additional high school students who will be taking Pre-College courses and residing in the dorms.
