1. Click on the **Main Menu Icon**.

2. Click on the **Work** option.
3. Select **My Portfolios**.

**NOTE:** Existing portfolios are also accessible directly from your Dashboard under the **Portfolios** tab.
Step 3: Select your Submission Method

On the My Coursework screen you will have two options available to you for submitting work: **My Portfolios** and **My Assignments**.

**My Portfolios**

This option allows you to create new and access existing portfolios containing coursework typically grouped by program or course. This is the most commonly used method for coursework submission.

**My Assignments**

This option allows instructors to create and assign coursework to students which has not been included in your program- or course-based portfolio (accessible via the My Portfolios option). Once assigned to you, the assignment(s) will appear in this page automatically for you to access and complete.

**If you are uncertain about which option to use to submit your coursework or if you do not know which Table of Contents to select for your portfolio, please contact your instructor or your local Chalk & Wire administrator for assistance.**
Portfolios

1. On the My Portfolios screen, click the **New Portfolio** button.

   If you have not yet created any portfolios, you will also see a **Create New Portfolio** button. Both buttons will direct you to the same screen.

3. Select the **Table of Contents**.

4. Click **Create**.
