SEARCHING

The work that you did on the last page is an important part of any research project, and can help to make sure that you're considering all of the important angles.

The Library is a great starting point for class research. The following steps show how to find books (including ebooks!) and articles from the Library homepage (www.wpunj.edu/library).

FINDING BOOKS

1. Go to the library's homepage: www.wpunj.edu/library
2. Select **Books & Media** from the drop-down menu on the main search box
3. Enter your **keywords** in the box and click **Search!**
4. Limit to *WP Materials Only* to see books or eBooks at our library
5. Add limiters (like date, subject, or where the book is located) to focus your results.
6. Click on the title to view online (eBook) or get a call number (print book)!
