Descriptions of LSAMP Internships at the Jacques Cousteau NERR, Tuckerton

1. Stewardship & Research (2 students): Soundscape Ecology & Weather

Mentor: Andrea Habeck: habeck@marine.rutgers.edu & Gregg Sakowicz sakowicz@marine.rutgers.edu

Beneficial Prerequisites (not required): Coursework in Biology, Ecology, or exposure to ArcGIS/Cartography

2. Environmental Education (1 student):

Mentor: Kaitlin Gannon: gannon@marine.rutgers.edu

Beneficial Prerequisites (not required) experience or knowledgeable in: formal or informal science education, social science or survey research methods, environmental science, diversity and equity in education

Professional Development Topics for 2022:

At the beginning of the internship, students will answer a questionnaire about their professional development needs and interests. The responses will help inform the final two professional development meetings. The first 6 topics have already been determined:

1. Time Management/Work Life Balance
2. Grant Writing
3. Poster Presentation Tutorial
4. Resume Workshop
5. Online Tools Showcase
6. One-on-One time with JC NERR/AIC Staff of choice
7. TBD - based on survey
8. TBD- based on survey
