

show your STEM innovation challenge
sySTEMic 2021

Many places around the world lack
clean, potable water,
including here in the US.

Teams of GS-LSAMP & NNJ-B2B students have innovated
around this issue. They will present their ideas as 5-minute pitches.
To hear their amazing ideas and ask questions about them, join us!

Wednesday, March 24 at 4:30 PM
