

## RESEARCH ENGAGEMENT FORUM – Questions & Discussions

### **Resources Available:**

Snapshot of WP Strategic Plan

Combined Recommendations of Group i&i and RSC Reports' recommendations

### **BREAKOUT GROUPS**

**Please use the following questions as a framework for your group discussions.**

**Please make sure you end your discussion of each set of recommendations by listing the pertinent five tasks/actionable items need for implementing these recommendations.**

***What are elements of an ideal research setting at WP—funding notwithstanding?***

- Which of the recommendations from both reports are most consistent with your perspective for advancing research?
- Which are most applicable to WP?
- What additional recommendations would you suggest to advance the research culture?
- What obstacles do you anticipate stand in the way of implementing any of the above recommendations?

***>>> What are some tasks/actionable decisions required in the short-to-moderate term to move the needle on this set of recommendations?***

### **RECAP**

***Combine and review all tasks during report-out***

### **TOWARD END OF SESSION**

If your Group were running the show, from the list shared by the full group, what three immediate next steps would you take? What issues may be faced in the process?

Please share any other observations pertinent to this discussion that have not yet been expressed.

### **WRAP-UP**

***Capture the essential outcomes of the discussions.***
