Notes: Data is annual percentage change in total enrollment (i.e., all students in all UG & G courses in a department).
 Total enrollment calculation is by definition duplicates (i.e., students take multiple classes).
 FTF=Full Time Faculty, and does not include any administrator with a departmental appointment.
Green: 1.5% or greater annual growth in total enrollment; **Yellow:** 0-1.49% annual growth; **Red:** Annual decline.
 For the purposes of this report, 2020 reorganized departments had data merged for all prior years.
