

Residence Life Module for Will Power – Spring 2021

OVERVIEW

Residence Life aims to provide students living on campus opportunities to learn and grow outside the classroom while encouraging their academic progress through guidance and follow up as well as providing them resources. We believe a student’s success is rooted in the connections they make to each other, to our team and to the university. This module is designed for all students taking Will Power regardless of whether they are currently resident students.

REFLECTION QUESTIONS

Respond to the questions below and submit to your Will Power facilitator as instructed.

1. What role does engaging with other students, staff and faculty play in the success of college students? How have you chosen to engage with the community?
2. What does it mean to be a good citizen? What role do you play in the larger university community?
3. In what ways have you grown as a person in your first year of college? What one piece of advice would you give to a new student coming to William Paterson University?
