

Student Government Association

Executive Board

Minutes 3-18

- I. Call to Order: 5:03 PM**
- II. Roll Call**
- III. Approval of Agenda: Add Kaydyn's topic after AJ, 1st by Kaydyn, 2nd by Nour**
- IV. Approval of Minutes: For March 4th, 1st by Ash, 2nd by Nour, For March 12th, 1st by Kaydyn, 2nd by Ash, both approved**
- V. Anisa Kamara, President**
 - A. Protest**
 - i.** E-board discussed if a protest was still a good idea and if a forum would be more productive and effective. Because there are so many concerns and a lot of different opinions, everyone agreed that a forum would be a better option. AJ invited the President to the next E-board meeting to still meet and discuss the concerns with him first before the forum. E-board members then discussed their concerns they have with administration. One example being that SGA doesn't receive a heads up with upcoming changes and news from the university. Whenever they make announcements, SGA hears it along with the student body and are unable to answer any questions students may have. Another issue is that students are not involved enough in administration's decisions. Francisco advised the group to be consistent with what concerns they will be bringing to the President and bringing the list down to a more reasonable number to handle. E-board agreed that a major concern was a lack of communication between administration and students regarding major changes on campus.
 - B. Community Service w/ Mari**
 - i.** Mari informed AJ that an organization fundraised over \$4,000 for women hygiene packages. She's currently working on an event to create care packages to donate to the WP Pioneer pantry, Father English and Oasis. She'll be reaching out to SGA for participation soon when the details are finalized.
- VI. Kaydyn Rivera, EVP**

A. Club Council

- i. Some students have voiced their opinions on how club council meetings should be run. They have expressed that they want more E-Board members there to answer questions regarding different changes in the university. The issue is that club council reps are not sharing communication from SGA meetings to club council. There is to be a discussion on the purpose of club council, the purpose of club reps and the purpose of club council reps for SGA so everyone understands their duties and responsibilities.

VII. Amelia Medici, VP of PR

A. Elections

- i. Nominations: March 29th -April 7th
- ii. Campaign week- April 9th -16th
- iii. Voting: April 19th -22nd
- iv. For clarification, a student cannot be President of a club and serve on E-Board on SGA. They can serve any other position on E-board on a club and be on E-Board for SGA.
- v. 1st by Amelia, 2nd by Ash, approved
- vi. Amelia is working with Mari to promote SGA in a new light. Once PR has the elections video, Amelia will send it to NJ to send it to Gary Marks to promote on the Library's webpage.

VIII. Makayla Abraham, VP of AA

A. Protest: List of Demands

- i. Chance sent an email to Makayla and Shawn about concerns to the administration. Shawn had sent an email without informing Makayla and Chance sent a response to that letter/email.
- ii. Claudia motioned to extend the meeting till 7 PM, 2nd by Ash, approved.
- iii. E-board agreed to talk to senators about boundaries and understanding their roles within ad-hoc committees and as senators. There needs to be clarification that ad-hoc committees serve under SGA and cannot automatically move forward on decisions without consulting and informing E-board.

IX. Claudia Morales, VP of JRB

A. Forum update

- i. A good number of students attended the forum. Claudia answered questions regarding the constitution amendment. Students requested that the new position does not hold a GPA requirement so first year students and new transfer students can hold it. Students then asked questions regarding if club council can change and if there can be more communication between club council and SGA. It was apparent that club

council reps are not relaying the messages between both entities. E-Board discussed the representative positions on how there isn't enough oversight on those positions.

- X. Advisor's Comments: N/A**
- XI. Old Business: N/A**
- XII. New Business:**
 - A.** With the governor's new social distance guidelines, E-board can probably gather in person for a lunch meeting.
- XIII. Announcements: N/A**
- XIV. Adjournment: 6:51 PM**
