Advancing the  
world of health

**BD-SPONSORED SEMINAR SERIES PRESENTS...**

**SARS-COV-2 IN THE CITY**

**by Viviana Simon, M.D., Ph.D.**  
**Professor, Dept. of Microbiology**  
**Icahn School of Medicine at Mount Sinai**

**Dr. Simon's research focuses on viral pathogenesis and viral host interactions. Since late 2019, Dr. Simon and her team have focused on the SARS-CoV-2 outbreak, analyzing the genetic diversity of strains in New York City. Dr. Simon also developed an ELISA-based test to identify the presence of coronavirus antibodies in blood and published studies on the durability of antibodies and their level of protection.**

**TUESDAY | MARCH 30, 2021**  
**12:30 PM | VIRTUAL ZOOM PRESENTATION**

See email for Zoom link. All WPU students are welcome.
