BD SPONSORED SEMINAR SERIES PRESENTS...

A Confluence of Extremes: Trajectories and Tipping Points of Terrestrial Ecosystems

by Michala L. Phillips, PhD
Research Ecologist, USGS
Pacific Island Ecosystems Research Center
Hawai'i National Park, HI

TUESDAY | APRIL 11, 2023 | 12:30 PM
VIRTUAL ZOOM PRESENTATION

Dr. Phillips studies plant and soil microbial communities that populate wild lands in order to understand how best to support sustainable restoration and management needs in dryland ecosystems. She is currently investigating post-fire forest regeneration in montane habitats within Hawai'i Volcanoes National Park.
